

## **IMPEX Technologies Ranks #52 on L.A. Business Journal's "Top 100 Fastest Growing Private Companies" List**

January 26, 2015

EL SEGUNDO, CALIF. — IMPEX Technologies, a leading-edge technology consulting and services provider, has been awarded the #52 ranking in *L.A. Business Journal's* 2014 "Top 100 Fastest Growing Private Companies". This is the first time IMPEX Technologies has been recognized in this exclusive ranking by *L.A. Business Journal*, which selects top performing companies from over 200,000 private businesses in Los Angeles.

The Fastest Growing Private Companies List ranks leading businesses across all industries based on revenue growth. Throughout the year, the Los Angeles Business Journal closely examines businesses, their financial performance and their positive impact on the LA economy.

Rajiv Shah, President of IMPEX Technologies, commented; "On behalf of everyone at IMPEX Technologies, I am very honored to have achieved this exclusive recognition. This achievement is the result of our team's passion and dedication to provide our clients with exceptional customer service combined with leading-edge, customized IT solutions. We are very appreciative of all of our customers and the opportunity to meet their diverse and growing business needs."

### **About IMPEX Technologies**
